

Ministry Plan

Consultation Process & Feedback Questions

The Board and staff have been wrestling with this document for some time now, working through the values, key ministry directions and how we hope to achieve these. At the start of the year we spoke to 25 ministry leaders to seek some initial feedback and the document was re-worked into its current format.

In order to capture everyone's feedback, we feel it best to do so in conversation/discussion, so a staff member will be available to visit each Growth Group over a 2 week period, commencing 10th May. At these sessions, we will be asking 5 key questions, whilst also opening the discussion for any general feedback. Please look at these questions ahead of time so as to get the most out of the Growth Group visit.

If you are not in a Growth Group, there will be a staff member available after church on the 16th and 23rd May or feel free to email any feedback to office@livingchurch.org.au
