**Dear Friends**, thanks for praying for me. I am continuing to settle in to life and ministry in Brisbane. My boxes from Taiwan arrived in the post. It was strangely therapeutic using my Taiwan teapot again. I'm looking forward to visiting you in Sydney in early August. I've yet to contact anyone so don't feel bad if I haven't been in contact with anyone yet :). **Yours in Partnership, Linda M.**

## Things I've been reflecting on and praying for:

- How do I 'Live graciously within God ordained limitations'?
- Pray with confidence in the One who answers prayer! 'If we ask anything according to His will, He hears us. And if we know that He hears whatever we ask, we know that we have what we have asked of Him' 1Jh 5:14-15.
- **Donggang** - Keep praying that God would grow His church in the Donggang market and surrounding areas.. May God send the OMF team like-minded local Christians to work with.
- **QLD/NT** - May God keep raising up new workers for East Asia's millions.
- **Local witness** - May God keep giving me and my Gospel Partners (you) specific opportunities this week to point non-Christians to Jesus.
- How do we better support our Mission Partners? - I'm working on an article for my church - '10 ways to better support our mission partners'.
